# Contents of Volume 19

## Number 1, July 1984

Wolaver, T. G. and Zieman, J., The role of tall and medium *Spartina alterniflora* zones in the processing of nutrients in tidal water . . . . . 1

Bulleid, N. C., Deoxygenation and remineralization above the sediment–water interface; an *in situ* experimental study . . . . . 15

Sericano, J. L. and Pucci, A. E., Chlorinated hydrocarbons in the seawater and surface sediments of Blanca Bay, Argentina . . . . . 27

Norton, M. G., Jones, P. G. W., Franklin, A. and Rowlatt, S. M., Water quality studies around the sewage sludge dumping site in Liverpool Bay . . 53

Norton, M. G., Rowlatt, S. M. and Nunny, R. S., Sewage sludge dumping and contamination of Liverpool Bay sediments . . . . . 69

Stanton, B. R., Some oceanographic observations in the New Zealand fjords . 89

Howarth, M. J. and Huthnance, J. M., Tidal and residual currents around a Norfolk sandbank . . . . . 105

Milliman, J. D., Hsueh, Y., Hu, D-X., Pashinski, D. J., Shen, H.-T., Yang, Z-S. and Hacker, P., Tidal phase control of sediment discharge from the Yangtze River . . . . . 119

Book Reviews . . . . . 129

## Number 2, August 1984

Windom, H. L., Silpipat, S., Chanpongsang, A., Smith, R. G., Jr. and Hungspreugs, M., Trace metal composition of and accumulation rates of sediments in the Upper Gulf of Thailand. . . . . 133

Dankers, N., Binsbergen, M., Zegers, K., Laane, R. and Van Der Loeff, M. R., Transportation of water particulate and dissolved organic and inorganic matter between a salt marsh and the Ems–Dollard estuary, The Netherlands . 143

De Souza Lima, Y. and Chretiennot-Dinet, M. J., Measurements of biomass and activity of neustonic microorganisms. . . . . 167

HAGER, S. W. and HARMON, D. D., Chemical determination of particulate nitrogen in San Francisco Bay. A comparison of two estimates . . . . . 181

HAGER, S. W., HARMON, D. D. and ALPINE, A. E., Chemical determination of particulate nitrogen in San Francisco Bay. Nitrogen : chlorophyll *a* ratios in plankton . . . . . 193

MCMAHON, T. G. and PATCHING, J. W., Fluxes of organic carbon in a fjord on the west coast of Ireland . . . . . 205

SASTRE, M. P., Relationships between environmental factors and *Donax denticulatus* populations in Puerto Rico . . . . . 217

WIRJOATMODJO, S. and PITCHER, T. J., Flounders follow the tides to feed: evidence from ultrasonic tracking in an estuary . . . . . 231

WOLAVER, T. G., JOHNSON, W. and MAROZAS, M., Nitrogen and phosphorus concentrations within North Inlet, South Carolina—speculation as to sources and sinks . . . . . 243

CROSBY, S. A., MILLWARD, G. E., BUTLER, E. I., TURNER, D. R. and WHITFIELD, M., Kinetics of phosphate adsorption by iron oxyhydroxides in aqueous systems . . . . . 257

NUMBER 3, SEPTEMBER 1984

WEST, J. R., KNIGHT, D. W. and SHIONO, K., A note on flow structure in the Great Ouse estuary . . . . . 271

VAN WAMBEKE, F., BIANCHI, M. A. and CAHET, G., Short-term bacterial reactivity of nitrogen-enriched seawater of a eutrophic lagoon 291

MCGRORTY, S. and READING, C. J., The rate of infill and colonization by invertebrates of borrow pits in the Wash (S.E. England) . . . . . 303

BOTO, K. G., BUNT, J. S. and WELLINGTON, J. T., Variations in mangrove forest productivity in Northern Australia and Papua New Guinea . . . . . 321

GARDNER, L. R. and GORMAN, C., The summertime net transport of dissolved oxygen, salt and heat in a salt marsh basin, North Inlet, S.C. . . . . 331

ROY, P. S. and CRAWFORD, E. A., Heavy metals in a contaminated Australian estuary-dispersion and accumulation trend . . . . . 341

THORMAN, S. and WIEDERHOLM, A-M., Species composition and dietary relationships in a brackish shallow water fish assemblage in the Bothnian Sea, Sweden 359

PROBERT, P. K. and WILSON, J. B., Continental shelf benthos off Otago Peninsula, New Zealand . . . . . 373

NUMBER 4, OCTOBER 1984

CHURCH, T. M., MOOERS, C. N. K. and VOORHIS, A. D., Exchange processes over a middle Atlantic bight shelfbreak canyon . . . . . 393

MOORE, N. H. and SLINN, D. J., The physical hydrology of a lagoon system on the Pacific coast of Mexico . . . . . 413

SANTSCHI, P. H., NIXON, S., PILSON, M. and HUNT, C., Accumulation of sediments, trace metals (Pb, Cu) and total hydrocarbons in Narragansett Bay, Rhode Island . . . . . 427

GODIN, G., A comparison between two simultaneous sets of current measurements in the Strait of Juan de Fuca . . . . . 451

HILY, C. and BRIS, H. Le., Dynamics of an *Abra alba* population (Bivalve-scrobiculariidae) in the Bay of Brest . . . . . 463

NOTES AND DISCUSSIONS

MEE, L. D., CORTES-ALTAMIRANO, R. and GARCIA-DE-LA-PARRA, L.-M., Di-nitrogen fixation in a eutrophic tropical bay . . . . . 477

OROZCO STORNI, M. S., LARA, R. J. and PUCCI, A. E., Tidal variations of some physicochemical parameters in Blanca Bay, Argentina . . . . . 485

NUMBER 5, NOVEMBER 1984

HOWARD, A. G., ARBAB-ZAVAR, M. H. and APTE, S., The behaviour of dissolved arsenic in the estuary of the River Beaulieu . . . . . 493

KAMATANI, A. and TAKANO, M. The behaviour of dissolved silica during the mixing of river and sea waters in Tokyo Bay . . . . . 505

CAMPBELL, J. A. and YEATS, P. A., Dissolved chromium in the St. Lawrence estuary . . . . . 513

FRITHSEN, J. B., Metal incorporation by benthic fauna: relationships to sediment inventory . . . . . 523

WALLIS, S. G. and KNIGHT, D. W., Calibration studies concerning a one-dimensional numerical tidal model with particular reference to resistance coefficients . . . . . 541

PETERSON, D. H. and FESTA, J. F., Numerical simulation of phytoplankton productivity in partially mixed estuaries . . . . . 563

NUMBER 6, DECEMBER 1984

REED, M., SPAULDING, M. L., LORDA, E., WALKER, H. and SAILA, S. B., Oil spill fishery impact assessment modeling: the fisheries recruitment problem . . . 591

KRAUSE, G. and OHM, K., A method to measure suspended load transports in estuaries . . . . . 611

SHENKER, J. M., Scyphomedusae in surface waters near the Oregon coast, May–August, 1981 . . . . . 619

BOUWMAN, L. A., ROMEIJN, K. and ADMIRAAL, W., On the ecology of meiofauna in an organically polluted estuarine mudflat . . . . . 633

D'ANGLEJAN, B. and INGRAM, R. G., Near bottom variations of turbidity in the St Lawrence estuary . . . . . 655

BURGER, J., TROUT, J. R., WANDER, W. and RITTER, G. S., Jamaica Bay studies VII: Factors affecting the distribution and abundance of ducks in a New York estuary . . . . . 673

LUCKENBACH, M. W., Biogenic structure and foraging by five species of shorebirds (Charadrii) . . . . . 691

OSWALD, R. C., TELFORD, N., SEED, R. and HAPPEY-WOOD, C. M., The effect of encrusting bryozoans on the photosynthetic activity of *Fucus serratus* L. 697

# Index to Volume 19

Note: The subject index is based upon the keywords allocated to each paper. The keywords are rotated in order so that each one appears once as the first index term. The complete list of permitted keywords is published in *Estuarine and Coastal Marine Science* 5(2), i–xl.

Abundance; annual variations; intertidal sand habitat; mollusca; Puerto Rico coast, 217
Activity; coastal waters; Gulf of Marseilles; France; surface layers; slicks; neuston; biomass, 167
ADMIRAAL, W. *see* BOUWMAN, L. A., 633
Adsorption; kinetics; seawater; fresh waters; phosphates; iron compounds, 257
Air-water interface; surface waters; bottom waters; sediments; Argentina; organic pesticides; pollution distribution, 27
Alkalinity; nutrients; estuaries; Argentina coast; dissolved oxygen; salinity; temperature; pH, 485
Alpine, A. E., *see* HAGER, S. W., 193
Annual variations; intertidal sand habitat; mollusca; Puerto rico coast; abundance, 217
APTE, S., *see* HOWARD, A. G., 493
ARBAB–ZAVAR, M. H., *see* HOWARD, A. G., 493
Argentina; organic pesticides; pollution distribution; air-water interface; surface waters; bottom waters; sediments, 27
Argentina coast; dissolved oxygen; salinity; temperature; pH; alkalinity; nutrients; estuaries, 485
Arsenic; speciation; oxidation; estuaries; mixing, 493
Attenuation; suspended matter; *in situ* measurements; transmissometers; St Lawrence estuary, 655
Australia; heavy metals; dispersion; estuaries; contamination; sedimentation rates; bioturbation, 341
Australia north coast; Papua; mangrove swamps; primary production; geographic variations; soil properties; nutrient deficiency, 321
Aves; benthos; infauna, 691
Bacteria; diversity index; community; nitrogen, 291
Bays; estuaries; tidal cycles; temperature; wind; diurnal; New York; birds; ducks, 673
Benthos; infauna; Aves, 691
BIANCHI, M. A., *see* VAN WAMBEKE, F., 291
BINSBERGEN, M., *see* DANKERS, N., 143
Biogenic elements; particulate matter; estuaries; Tokyo Bay; silica, 505
Biological interactions; demography, 463
Biomass; activity; coastal waters; Gulf of Marseilles; France; surface layers; slicks; neuston, 167
Bioturbation; Australia; heavy metals; dispersion; estuaries; contamination; sedimentation rates, 341
Birds; ducks; bays; estuaries; tidal cycles; temperature; wind; diurnal; New York, 673
BOTO, K. G., BUNT, J. S. and WELLINGTON, J. T., Variations in mangrove forest productivity in northern Australia and Papua New Guinea, 321
Bottom waters; sediments; Argentina; organic pesticides; pollution distribution; air–water interface; surface waters, 27
Boundaries; shear stress; numerical model; tide models; resistance; tidal rivers; Wales coast, 541
BOUWMAN, L. A., ROMEIJN, K. and ADMIRAAL, W., On the ecology of meiofauna in an organically polluted estuarine mudflat, 633
Brackish waters; shallow waters; environmental conditions; resource availability; Sweden coast, 359
Bryozoans; seaweeds; photosynthesis, 697
BULLEID, N. C., Deoxygenation and remineralization above the sediment–water interface; an *in situ* experimental study, 15
BUNT, J. S., *see* BOTO, K. G., 321
BURGER, J., TROUT, J. R., WANDER, W. and RITTER, G. S., Jamaica Bay studies VII: factors affecting the distribution and abundance of ducks in a New York estuary, 673

Butler, E. I., *see* Crosby, S. A., 257
Cahet, G., *see* Van Wambeke, F., 291
Campbell, J. A. and Yeats, P. A., Dissolved chromium in the St. Lawrence Estuary, 513
Carbon; dumping; sewage; sediments; metals, 69
Carbon cycle; particulate matter; fjords; Ireland coast, 205
Chanpongsang, A., *see* Windom, H. L., 133
China, People's Republic of; sediments; discharges; tides; phase, 119
Chlorophyll measurements; suspended particles; estuaries; San Francisco Bay; nitrogen; particulate matter; plankton composition, 193
Chretiennot-Dinet, M. J., *see* Lima, Y. De. S., 167
Chromium; estuarine circulation; geochemistry; Gulf of Lawrence; St. Lawrence Estuary, 513
Church, T. M., Mooers, C. N. K. and Voorhis, A. D., Exchange processes over a Middle Atlantic bight shelfbreak canyon, 393
Circulation; density gradients; friction coefficients; fluid motion; partially mixed estuary, 271
Coastal waters; Gulf of Marseilles; France; surface layers; slicks; neuston; biomass; activity, 167
Coastal waters; Oregon coast; scyphozoa; plankton distribution; upwelling, 619
Colonization; England coast; sediments; invertebrata, 303
Community; nitrogen; bacteria; diversity index, 291
Contamination; sedimentation rates; bioturbation; Australia; heavy metals; dispersion; estuaries, 341
Continental shelves; sediment facies; Polychaeta; Mollusca; Crustacea; species diversity; New Zealand; macrobenthos, 373
Cortes-Altamirano, R., *see* Mee, L. D., 477
Crawford, E. A., *see* Roy, P. S., 341
Crosby, S. A., Millward, G. E., Butler, E. I., Turner, D. R. and Whitfield, M., Kinetics of phosphate adsorption by iron oxyhydroxides in aqueous systems, 257
Crustacea; species diversity; New Zealand; macrobenthos; continental shelves; sediment facies; Polychaeta; Mollusca, 373
Current measurements; North Sea; sand-bank; tidal currents; non-tidal circulations, 105
Current measurements; tides; physical oceanography; New Zealand; fjords; oxygen depletion, 89
Currents; spectral analysis; Srait of Juan de Fuca, 451
D'Anglejan, B. and Ingram, R. G., Near bottom variations of turbidity in the St Lawrence estuary, 655
Dankers, N., Binsbergen, M., Zegers, K., Laane, R. and Van Der Loeff, M. R., Transportation of water, particulate and dissolved organic and inorganic matter between a salt marsh and the Ems–Dollard Estuary, The Netherlands, 143
Demography; biological interactions, 463
Density gradients; friction coefficients; fluid motion; partially mixed estuary; circulation, 271
Detritus; estuaries; productivity; sediment–water interface; nutrients, 15
Detritus; mineralization; salt marshes; transport; suspended matter; organic matter; hydrography; sedimentation, 143
Discharges; tides; phase; China, People's Republic of; sediments, 119
Dispersion; estuaries; contamination; sedimentation rates; bioturbation; Australia; heavy metals, 341
Dissolved oxygen; salinity; temperature; pH; alkalinity; nutrients; estuaries; Argentine coast, 485
Dissolved oxygen; salt; heat; salt marsh; South Carolina; net transport, 331
Diurnal; New York; birds; ducks; bays; estuaries; tidal cycles; temperature; wind, 673
Diversity index; community; nitrogen; bacteria, 291
Ducks; bays; estuaries; tidal cycles; temperature; wind; diurnal; New York; birds, 673
Dumping; sewage; sediments; metals; carbon, 69
Dumping; water quality; metals; sewage, 53
England coast; sediments; invertebrata; colonization, 303
Environmental conditions; resource availability; Sweden coast; brackish waters; shallow waters, 359
Environmental impact; mortality; Georges Bank; stochastic processes; pollution; oil spills; fish, 591
Estuaries; Argentina coast; dissolved oxygen; salinity; temperature; pH; alkalinity; nutrients, 485

Estuaries; contamination; sedimentation rates; bioturbation; Australia; heavy metals; dispersion, 341
Estuaries; mixing; arsenic; speciation; oxidation, 493
Estuaries; productivity; sediment–water interface; nutrients; detritus, 15
Estuaries; San Francisco Bay; nitrogen; particulate matter; plankton composition; chlorophyll measurements; suspended particles, 193
Estuaries; tidal cycles; temperature; wind; diurnal; New York; birds; ducks; bays, 673
Estuaries; Tokyo Bay; silica; biogenic elements; particulate matter, 505
Estuarine circulation; geochemistry; Gulf of Lawrence; St. Lawrence Estuary; chromium, 513
Estuarine circulation; plankton distribution; production; light attenuation, 563
Estuarine fauna; tidal flats; mud flats; pollution; organic matter, 633
FESTA, J. F., *see* PETERSON, D. H., 563
Fish; environmental impact; mortality; Georges Bank; stochastic processes; pollution; oil spills, 591
Fish behaviour; movement; tidal data; Ireland; tidal estuaries; flounders; ultrasonics; tracking, 231
Fjords; Ireland coast; carbon cycle; particulate matter, 205
Fjords; oxygen depletion; current measurements; tides; physical oceanography; New Zealand, 89
Flounders; ultrasonics; tracking; fish behaviour; movement; tidal data; Ireland; tidal estuaries, 231
Fluid motion; partially mixed estuary; circulation; density gradients; friction coefficients, 271
France; surface layers; slicks; neuston; biomass; activity; coastal waters; Gulf of Marseilles, 167
